

FIRE FIGHTING - IRRIGATION - WATER TRANSFER - TRASH

HIGH FLOW 1.5" FIRE FIGHTING PUMP

MH215-SHP

The MH215-SHP is our High Flow 1.5" Firefighting Pump. With the legendary reliability of a Honda GX200 petrol engine, massive flow rate, and lightweight portability it is a popular and versatile model. This pump is suited to a wide range of applications including bushfire defence, water transfer and various commercial or agricultural purposes.

This powerful performer weighs in at only 27 kg. You will struggle to find another single impeller pump as powerful and light as this!
