

FIRE FIGHTING - IRRIGATION - WATER TRANSFER - TRASH

1.5" FIRE FIGHTING PUMP GX160

MH15-SHP

The MH15-SHP is a petrol, Honda powered pump with 1.5" suction and outlet. It's size and portability, and the self-priming pump powered by a reliable Honda GX engine make it a versatile unit. This model is perfect for domestic firefighting applications, as well as water transfer, high pressure wash down and other household/farm work.

The pump is a single impeller, self-priming model so it is simple to operate safely. It includes a single 1.5" inlet valve, two 1" outlets and one 1.5" outlet.

POWERED by
HONDA™

OPTION

FFK01-B

1 x Delivery hose 3/4" x 6m with fire spray nozzle and 1 x Suction hose 1.5" x 4m with strainer.

MH15-SHP PUMP PERFORMANCE CURVE

TECHNICAL SPECIFICATIONS:

Engine	: Honda GX160
Starting System	: Recoil
Fuel Tank Capacity	: 3.1 L
Suction Size	: 1.5"

* Specifications are subject to change without notice. Images are for display purposes only. Product may differ from images displayed. Performance data has been measured at the pump. The performance of our Pumps as noted above can be affected by the installation and configuration of the pipe work and distances involved. Example - suction head, static head, friction head. Which all need to be considered when determining the appropriate pump size.
